

Hello, sir. Daksh here from CS C. During the subject registration in the pce section we can only see Web Technologies. The other two options are not available

Good morning, Sir.

Daksh Dharmani here, CR of CS C.

Sir, many students from our class have been asking whether there is any official update regarding today's classes in view of the red alert issued for Pune. I would be grateful if you could kindly let us know whether the college will remain open or if classes will be suspended today.

Thank you, Sir.

Sir, the students' whose names are present in the sheet for mainframe email, are they selected for the elective or will there be some kind of test for it

Good morning sir,

I wanted to ask regarding the registration of General Mills.

There is an excel sheet mailed to certain students from VIT TPO. It includes names of students that have registered and labelled as "NOT DONE". While the registered students (who have spoken to me about it) have not received the mail personally but their names are mentioned unregistered in the excel file. Should they try reregistering?

Sir, for the HCL AI challenge, whom do we contact if we're interested to apply?

Yes sir, we received this email by Internship Comp. Students are finding unclear on whom to contact to fill their names in the file. Do they have to contact any coordinators or can they fill their names by themselves?

Ok sir, thank you

Sir, where will the Mastercard roadshow take place? Is it in our college or outside?

Hello, sir. I wanted to inform you that I got selected for the JP Morgan hackathon. I also wanted to ask, whom should I contact regarding the confirmation of presence as they've mentioned in the mail
